SECTION IV. Developmental Accomplishments
A. For Home and Community Based Programs*

State ID: AZ Fiscal Year: 2013

Identification of Three Top Accomplishments

1. The Mosaic Elder Refugee Program is administered by the Area Agency on Aging, Region One which serves Maricopa County and the greater Phoenix area. Refugee program staff organized a pre-literate English language class for clients who do not have the benefit of a formal education in their home country. A staff person and a volunteer, both of whom are retired teachers, utilize a nationally recognized curriculum to teach up to 60 students in 10 week sessions. After each 10 week session the students are evaluated and may either continue with more pre-literate classes or advance to an English as a second language class. Acquiring the skill to speak English enriches their living experience in this country and it can lead to the possibility of taking a citizenship class. The elder refugee students have been enthusiastic in their responses to the classes and have encouraged others to attend. As a result, a wait list for the class has developed.

Type of Development: 3. Training/Education

2. The Empowered Leaders Directing Elder Resources (ELDER) is a collaboration of 10 local private and government agencies serving Tucson and Pima County. The Pima Council on Aging (PCOA) is an Area Agency on Aging that serves the same region and is a member of ELDER. The purpose of ELDER is to be a voice for seniors by identifying their needs in the community where they reside and then matching resources to address the needs. A steering committee formed by ELDER contracted with a community mobilizer for the purpose of engaging with older adults and identifying service needs within their neighborhoods. As a result, three distinctly different neighborhoods were identified as areas within which pilot projects were to be developed. As one of three agencies selected to develop a pilot project, PCOA chose to work in the community of Flowing Wells. A neighborhood network composed of community connectors was formed in Flowing Wells for the purpose of matching seniors who have a need with agencies that have resources to meet their need. The connectors have also expressed interest in the Neighbors Care Alliance program at PCOA which assists neighborhoods and faith-based communities in helping seniors retain their independence and live in their homes for as long as possible through the support of neighbors helping neighbors. In another neighborhood, Jewish Family and Children's Services is working with the Sunrise Neighborhood Assistance Program in the foothills of Tucson to restore a neighborhood trail and research a neighborhood-based, non-medical respite model. In a third neighborhood, the United Way is working in the Picture Rocks community on various solutions to meet the transportation needs of its residents. As a result of this effort, connections are being made with Interfaith Community Services Care-A-Van, AARP, and the Regional Transportation Authority in that particular community.

Type of Development: 1. Public Education/Awareness, 2. Resource Development, 3. Training/Education

3. The Pinal-Gila Council for Senior Citizens (PGCSC) is a predominantly rural Area Agency on Aging serving Pinal and Gila Counties. PGCSC partnered with the Casa Grande Fire Department to have a representative from each organization attend the Remembering When: A Fire and Fall Prevention Program sponsored by the National Fire Protection Association. The program is an intensive three day fire and fall prevention training course. Since then, trained representatives have presented the Fire and Fall Prevention Program to senior groups, volunteers, and various agencies that work with seniors as well as local health fairs and other events. The PGCSC case management staff were also trained to review the Fire and Fall Prevention Tips checklist with clients. Case managers review the checklist with the seniors they work with and their caregivers. Approximately 100 seniors and their caregivers have been educated about possible hazardous situations in their homes.

Type of Development: 3. Training/Education

SECTION IV. Developmental Accomplishments
B. For A System of Elder Rights

State ID: AZ Fiscal Year: 2013

Identification of Three Top Accomplishments

1. The Legal Services Assistance Program at the Area Agency on Aging, Region One worked collaboratively with JUSTA Center which is a day resource center for homeless older adults. The JUSTA Center addresses the legal issues involving Social Security, veteran's benefits, and health care. The non-profit center also helps older adults address the problems that have caused their homelessness which may involve catastrophic medical issues, job loss, substance abuse, and/or mental health issues. One example of the assistance offered involves assisting the person who has either lost their Social Security benefits or were deemed ineligible for disability benefits due to outstanding bench warrants. Many of the clients are unaware of a class action settlement that reinstates their benefits. The legal assistance program works with the Social Security Administration on behalf of the client to confirm their status and determine their eligibility for reinstatement or re-evaluation. There have been 45 JUSTA Center clients who have had their Social Security benefits reinstated or awarded which has resulted in their obtaining safe and secure housing.

Type of Development: 2. Resource Development

2. The Director of the Inter-Tribal Council of Arizona (ITCA) was named to the board of the National Indigenous Elder Justice Initiative (NIEJI). The ITCA is an Area Agency on Aging that is composed of 17 geographically diverse Tribes throughout Arizona. The NIEJI is a coalition sponsored by the Administration for Community Living to develop resources for preventing elder abuse. Those resources are available for use by other Tribal communities in developing elder abuse prevention programs. The NIEJI conducted an elder abuse workshop at a large gathering that was attended by the ITCA member Tribes during 2013.

Type of Development: 1. Public Education/Awareness

3. The Pima Council on Aging has made arrangements with the National Academy of Elder Law Attorneys (NAELA) to volunteer their time providing pro bono consultation to legal assistance program clients. The attorney is available twice a month for 30 minutes each time to give advice and information on legal matters. They may be consulted about any Elder Law issue such as making a will or a living trust, guardianship and conservatorship, powers of attorney, and probate matters. In the past year there were 128 clients served by members of the NAELA.

Type of Development: 2. Resource Development
